

SANDWICH PANEL CONFERENCE

Tuesday 19th Nov 2024

**Holiday Inn Mumbai International
Airport, Mumbai**

Sandwich panels in India have been showing strong growth mainly in shelters, cold chain and industrial buildings. The market of PU-cored sandwich panels has been showing a steady growth over the last decade and expected to grow exponentially in future.

The main application area of sandwich panels are industrial and commercial buildings (roof cladding/wall cladding/partition on walls) which account for about 80% of all produced sandwich panels.

Another important application is the cold store industry (refrigerated warehouses and cold store units) which accounts for about 15 % of the total Market.

Under this backdrop steelgroup is organizing Global Meet on Sandwich Panel .
